MSU 'Soldiers' to Get Stiff Summer Training

Seventy advanced ROTC students from MSU will report to Fort Lewis, Wash., June 16 to practice the theories of military science and tactics they received during their University training courses.

The men, mostly juniors, will spend six weeks undergoing practical instruction and usage of all the basic infantry weapons, from small arms, such as the .45 cal. pistol and M-1 rifle, to machine guns, flame throwers, and tanks.

Porter to Command

Col. E. D. Porter, professor of military science and tactics at MSU, will be camp commander and Maj. George B. Cullison, associate professor of military science and tactics, will be camp adjutant. M/Sgt. John M. Snodgrass, MSU Pershing Rifles adviser and ROTC instructor, will supplement the summer camp instruction staff in tactics, and M/Sgt. Milton C. Hansen, range and weapons instructor at the MSU military unit, will assume duties as an assistant weapons instructor at the summer camp. M/Sgt. G. R. Danks, sergeant-major of the Army ROTC unit, will be in charge of communications.

The entire working day of the cadet will not be consumed by military instruction alone, Colonel Porter said.

"Wednesday afternoons will be devoted to recreation, such as swimming, organized baseball and softball, and other sports," he said.

Sharpshooting Slated

One of the high points of the summer encampment will be the rifle range competition. A Warrior of the Pacific trophy will be awarded the ROTC unit that posts the highest average score with the M-1 rifle.

Sylvia J. Langdon, executive director of the Girl Scouts, will be on the campus Friday to interview women interested in scouting work.

She will interview women for both permanent positions and for summer camp work. Women with Red Cross, water safety, and senior life saving certificates, as well as handicraft specialists are particularly needed for summer camp jobs.

Mrs. E. W. Reardon, placement bureau secretary, said women interested in these positions should sign up at the placement bureau for interviews with Miss Langdon.

Helding of Store Board Says . . .

Dear Editor:

In reply to your editorials as to the condition of the Student Store and its governing body of directors, the Store board, I feel that I should clarify a few things for everyone's benefit.

The Student store is a corporation. As such, it is supervised by a board of directors. It is as much a corporation as any other corporation is in the state of Montana. It was set up and exists now under appropriate state laws. You in effect have suggested that the store should have two boards of directors, Store board and Central board. This cannot legally be done. Maybe you should dissolve your store corporation and incorporate your student body, with Central board being your board of directors. Whether this would be a workable solution, I have no way of knowing.

Appropriate action taken before I became a member of Store board increased the board's membership by two student members. We also have two faculty members on the board, making a total voting membership of seven. The two faculty members on the board are there because you need experienced persons present and need continuity on the board. This is important in our situation because of the frequent turnover of student membership.

Our articles of incorporation call for one meeting per month, but calling a meeting and getting your student members to attend are two entirely different things. Your Store board deals in high finance, and for this reason the students who are members of Store board should be conscientious enough to make all meetings. This board is perhaps the most important board on the campus because of the finance involved.

Any business needs operating capital to function properly. Because of this factor and the fact that G.I. money is generally received many months after a quarter has ended, it is necessary for the store to keep some of this surplus readily at hand. When this money is turned over, which I assure you is done, it is completely out of the power of Store board as to how it will be spent or disbursed. The money is turned over to the general fund, and from there on, it's Central board's responsibility. We have not in the past earmarked any such money for specific expenditures. Central board has inquired of Store board as to whether or not it could count on a certain amount to be earned as profit. We have advised Central board accordingly. That is certainly not earmarking.

I am at present not on Store board, because your new board members took office immediately on their election to such board. I served this past year as an appointed officer to fill a vacancy existing because one elected member did not return to school. I served two years previously as an elected member. Mr. Ripke also served in an appointive capacity because of a similar vacancy. The board of directors has such power to appoint members to fill unexpired terms of elected members.

Many students have a gross misunderstanding of prices at the store. We have many articles which are "fair traded." For all other commodities the store gets the lowest prices possible. Our membership in the Western College Bookstore association enables us to buy at a lower rate on many types of merchandise, thus effecting a substantial saving to the students. Some students believe the store should operate at cost, yet they in turn demand that a large profit be turned into the general fund so that it can be allocated in the various budgets. You can have either one, but you can't have both.

Morris McCollum, who is the manager of your store, will always be willing to explain the operation of the store to anyone who is sufficiently interested to come in and see him. I think that all students should do this, if for nothing more than to meet your store manager.

Thank you,
Bob Helding

IRC Members To See Films

Two films will be shown at the University International Relations club meeting tonight at 7:30 in the Bitterroot room of the Student Union.

One of the pictures, "One World or None," is a study of the inherent similarities between all men. The film depicts how these similarities might be used as a basis for a lasting peace.

Other business will include final formulation of plans for the annual IRC picnic, Saturday. All those who intend to attend the picnic should be present at tonight's meeting, Stan Spangler, Billings, president, announced.

BANQUET EATERS TO MEET

Those attending the Central board banquet are to meet at the Student Union at 5:30 today.

Campus Interviews on Cigarette Tests

Number 21...
THE PELICAN

OUR easy-going, big-billed friend has learned to say "No"

to these hurry-up, one-puff, one-sniff cigarette tests! "Why", says he,

"they don't even give you time to finish the cigarette before you're supposed to decide which is mildest!" Millions of smokers have come to the same conclusion—there's just one real way to test the flavor and mildness of a cigarette!

It's the sensible test . . . the 30-Day Camel Mildness Test,

which simply asks you to try Camels as a steady smoke—on a pack-after-pack, day-after-day basis. No snap judgments needed! After you've enjoyed Camels—and only Camels—for 30 days in your "T-Zone"

(T for Throat, T for Taste), we believe you'll know why . . .

More People Smoke Camels than any other cigarette!

BEER, BABIES, AND 'BACKY

Dear Editor:

Peace, brethren! I surrender! Mountaineer writers can't write, spell, or figure; Mountaineer readers can't read.

But I don't care. I'm going to look at the girls in their summer dresses and shorts and sunburns, and next year, if I am yet among you, I shall devote myself to navel-contemplation and hope to achieve Nirvana or free love or something. This literary life is too complex even for complex chaps like Newton and me. Cold beer in the Union!

Sigma Kappa won the championship in women's intramural football Friday by slugging out a 1 to 1 win over Delta Delta Delta. The Sigma Kappas opened their offense with a first inning home run by Jean Hasquet, Shelby, mered with two on. They drove another run in the first inning and scored one in the second. The Tri Delt held them scoreless the first, retiring the first three batters in succession.

A series of walks, hits, and errors scored five more runs for Sigma Kappa in the fourth and they brought four more across in the last inning.

The only Tri Delt tally came in the fifth inning when Joan Beckwith, Kalispell, Tri Delt pitcher, reached first on a hit and stole second, third, and home.

Joan Arnold, Malta, Sigma Kappa pitcher, struck out eight batters out of eighteen batters who reached her.

The only big scoring opportunity for the Tri Delt came in the third inning when they loaded the bases with no outs. A strike out and a double play retired the side with the bases still loaded.

Sally Kalbfleisch, Shelby, center fielder for Sigma Kappa, made the outstanding catch of the game when she snared a fly hit by Donna Skates.

Grizzlies End Ball Season With Defeats

The Montana Grizzly baseball team ended their first Skyline competition and the 1951 baseball season with a double loss to the University of Utah Redskins at Salt Lake City, 9 to 6 and 12 to 5. The two losses gave the Grizzlies season's record of three wins against nine losses.

The Silvertips outthit the Utes, 9 to 8, in the first game, but the Redskins bunched their hits to get three runs in each of the first, fifth, and seventh innings. Hal Sherbeck led the Grizzly attack in the first game with three singles. Bob Byrne added two including a triple. Basil Williams, who turned in his first mound performance for the Utes, went the distance, scattering Montana's nine hits. Gene Carlson pitched for the Grizzlies.

In the second game the Grizzlies went down to the pitching of Don Furlong. Montana got the same number of hits as the Utes in the second game, eight, but Furlong, the Utah pitcher, was effective in striking out 16 Grizzlies. Montana pitchers, Dick Hansen and Clarence Johnston, aided the Ute cause by striking eight walks.

Utility outfielder Jim Martin led the Grizzly hitting in the nightcap with three singles in five trips to plate. Carlson and Sherbeck added doubles, while Byrne bunched out another triple.

Montana committed four errors in the first game and three in the second. Utah's ability to steal bases and put men in scoring position as a deciding factor in both games. Utah stole three bases in the first game and four in the second. Sherbeck stole Montana's only base.

Welch Cops Golf Title

Favorite Don Welch, Whitefish, came through Saturday to win the Forty-Fifth Interscholastic Boys' Golf championship on the Missoula Country club course with a 36-hole total of 156.

Welch was second after the first round Friday with an 82. Hal Utson, Polson, who tied with Welch for second last year was the leader after the first round with an 80 over the 71 par course.

Saturday's victory by Welch was his second in Interscholastic play. He won the title as a sophomore in 1949.

Welch's steady playing on Saturday enabled him to overtake Utson who shot an 82 on Saturday for a 36-hole total of 162 and second place. Welch shot a three-over-par 74 on Saturday.

Third place in the match went to Ed Noble, Great Falls, with a combined total of 167.

In the girl's golf matches, the first day leader Nan Hubbard, Missoula, continued her winning ways Saturday to cop the title with an 18-hole total of 132. Four strokes behind Miss Hubbard was Shirley Virant, Butte, with a 136. Third place went to Rosemary Laing, Missoula, with 145.

Trackmen Win Five Firsts, Come in Second in Meet

Montana trackmen took five first places, split two others, and turned in six of their best marks of the season, but had to bow to a stronger University of Utah squad in the western division track meet in Salt Lake City Saturday. The Redskins, who likewise rolled up five individual wins and two first-place ties, edged over Montana by virtue of a win in the mile relay and better depth in placing.

Utah scored 64½ points to Montana's 50½, while Brigham Young university and Utah State Agricultural college trailed with 25 and 23 points respectively.

Montana's John Badgley was high point scorer of the meet with 10 points; Grizzly Joe Luckman was second with nine. Redskin Dale Newbold garnered eight for third highest, as he and Luckman split the win in the 100-yard dash and the 220. Luckman placed fourth in the broad jump for his ninth point.

Badgley picked up five points in each the high and low hurdles as he won both events. He ran the lows in 24 seconds, his best time this year by a full second.

Luckman, Newbold Run

Luckman and Newbold ran the 100 yards in the best divisional time of the season when they hit the tape in 9.9 seconds. The tying twins crossed the finish line in the 220 in 21.5 seconds for Luckman's best meet time this spring.

Mike Fleming further reduced his 880 time to 1:57.4, which is one-half second quicker than the Dornblaser field record. Bill Rife chopped two seconds off his mile Saturday to win the event in 4:25.7. In the discus, Bob Ripke tossed the platter 144 feet 8 inches to win by eight inches over his previous best throw.

Utah State's ace shotman, Ross Morris, bettered the conference record as he heaved the weight 49 feet 6 inches. The record, set in 1949 by Robert Ernest of Denver, was 49 feet 5 inches. In the dual

Missoula's Spartans came through against fate's odds and a challenging Helena squad to win the 45th Interscholastic track and field meet on Dornblaser Friday and Saturday with 43½ points to Helena's 42½.

Despite the intervention of both good and bad luck, three Interscholastic records fell. Mac Grimes, a junior from Helena, broke the high jump record of 6 feet 3 inches set by S. Muchmore, Drummond, in 1940, with his leap of 6 feet 3¼ inches. Rollie Strutz, Billings, set a grueling pace in the 440-yard dash, with a pack of four competitors close behind, to clip a fifth of a second off the record with his gazelle time of 50.2.

The other mark to fall was the most spectacular of the meet and the climax. Helena, thinking they were only trailing by five points, going into the relay, counted on their relay foursome to win and for the other teams to nudge Missoula out of relay points. Helena won the relay, but that was not enough. They put so much speed

into their determination they set a new relay mark of 1:32.1. But, as it was after a scoring announcement mistake was cleared up, the Spartans won the meet.

The Spartans were determined to win this one for their retiring coach, Guy Stegner, who brought the Missoula Spartans 12 of their 17 Interscholastic crowns. Fate turned against them when their star sprinter, Deno Damaskos, was unable to compete because of a muscle injury. Yet it can be said that fate gave them a break when the judges disqualified a Helena man in the 880, and a Sidney competitor in the mile.

From the stands Saturday for the Class A mile it was one track-meet, and from the field it was another, because of the failure of the public address system on the field to announce the disqualification of Will, Sidney.

Will had finished fourth and Nelson, Missoula, fifth. The disqualification gave Nelson fourth place and Missoula another point. But that point cannot be wholly attributed as Missoula's winning margin. No, it was the determination of Missoula athletes Orr, Koon, Delaney, Mohland, and Weissaar that gave them the victory.

Orr and Koon, pre-rated as fair in the hurdles, gave Missoula ten points, a lead they kept to the very close finish, and Orr the record in the initial 100-yard lows of 20.5 seconds.

Helena, the pre-meet sympathetic favorite, felt the crowds' sympathy fade when it seemed that Missoula was fading when Delaney broke his glass-spun pole, that was supposed to carry him to a new record, and when versatile ace Mohland clipped a hurdle, lost his balance, and ended up in the

Gal Athletes To Throw Feed

Newly elected officers of the Women's Athletic association will be installed at the annual installation banquet Wednesday. Presentation of awards to teams and individuals will be made and new "M" club members will be tapped.

Norma Bell, Kalispell, will take over the job of president from Joan Beckwith, Kalispell. Pat Evans, Butte, will step into the vice-presidency now held by Garene Webber, Great Falls. Beryl Handford, Kalispell, will replace Marge Anderson, Kalispell, as secretary, and Jeanne Shreeve, Milltown, will replace Maxine Anderson, Fort Benton, as treasurer.

Awards will be presented to teams winning the volleyball, softball, basketball, and swimming championships. Individuals who won ping pong, tennis, and badminton titles will also be honored.

For the first time, third-quarter sophomore women may be tapped for women's "M" club. Previously, one of the qualifications for membership was at least junior standing but because of the few juniors eligible sophomores will be tapped.

Sigma Nus Down Phi Delts for Old Fraternity Title

Sigma Nu continued their softball dominance last Thursday by beating the game Phi Delt squad, 8 to 7, for the interfraternity championship of 1950, which was postponed last year until this spring.

The Nus began by belting Leroy Baumgarth, PDT pitcher, hard for a 5-to-1 lead at the end of two innings. They added another in the fourth and then fell apart in the field as the Phi Delts caught on to their pitcher, Ralph Ripke, to add seven runs in the fifth and sixth innings.

In the bottom of the sixth the Nus came back from the 7-to-6 deficit to squeeze two runners across and then hold the Phi Delts in the seventh for the victory amid a last-out dispute.

The dispute was agitated over the base umpire calling Bob Yurko out for leading off third base.

The four classes of matches played were the boys' singles, which was won by Roger Megerth, Missoula; girls' singles, copped by Mickey Hogarty, Billings; boys' doubles, won by Art Mathison and Mike Lavis of Powell county; and the girls' doubles, taken by Roxie Perrior and Shirley Thomas of Missoula.

One Might Say . . . 'W'ater Fight'

Columbus, Ohio, May 21.—(U)—A water fight between two sororities at Ohio State university tonight has developed into a riot.

One person at the scene says about 500 students are blocking traffic at the entrance to the campus. And the students are reported playing havoc with streetcar power lines.

An assistant dean pleaded with the students to call off the demonstration, but they don't seem to want to quit. Police radioed headquarters they're taking some of the students to jail.
